VERDER

You are invited to attend the **Verder Mining Symposium 2026** — a focused, solution-driven event designed to help you tackle real challenges in modern mining operations.

Why Attend

Join industry experts as we explore practical ways to improve accuracy, optimise processes, and drive more reliable, data-led decision-making across your operations — **enabling progress** through smarter, more informed decisions. This symposium is built around delivering real value, from enhanced material analysis to improved process control and more predictable outcomes.

We are privileged to have a guest speaker from **Mintek** **Dr. Lawrence Bbosa, Executive Manager of the Mineral Processing Division (MPD)**, who will be sharing key industry insights.

Event Highlights

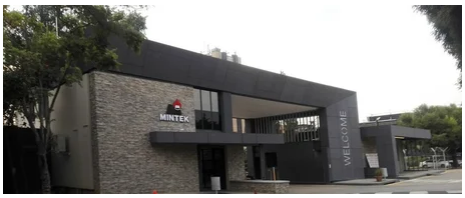

- Live Demonstrations.
- Technical Presentations.
- Valuable networking with industry professionals.
- Application specialists from Europe and South Africa who can provide you with valuable information on the future of mining and mining research.

- Industry Collaboration with our partners: **Mintek**, **MCL** (Monitoring and Control Laboratories) and **Spectro**.
- **Premium Prize Giveaway**
  we're keeping it under wraps for now, but here's a hint:
  No drill, no blast, no dust in sight,
  Yet still a treasure waiting to be mined

Event Details

Date: Thursday, 21 May 2026
Time: 9:00am – 16:00 (Tea, coffee & welcome snacks from 8:15am)
Venue: Mintek – 200 Malibongwe Drive, Randburg
